REPORTED TO:					DATE:10/02/2025				
ENVIRONMENT DETAILS:WINDOWS,GOOGLE CHROME					MODULE NAME:				
BUG ID	TEST ID	EXPECTED RESULT	BUG DESCRIPTION	STEPS TO REPRODUCE	SCREENSHOT	SEVERITY	PRIORITY	STATUS	
BR-DE-01	DG-HOME-09	A message is displayed: "No results found."	When an invalid input (e.g., 123) is entered in the search bar, the system does not handle it properly and Products are displayed even though the input is invalid.	1.Open browser 2.Enter the URL 3.Click Homepage 4.Enter "123" in the search bar. 5.Press Enter or click the search button.	Screenshot (01).png	Critical	High	New	
BR-DE-02	DG-HOME-10	No category name should have mixed capitalization styles (e.g., title case vs. sentence case).	Some category names on the homepage use inconsistent capitalization styles, affecting readability and uniformity. Certain names follow Title Case, while others use Sentence Case or mixed capitalization.	1. Open the Deligos website. 2. Compare category names for any inconsistency (e.g., "Cosmetics and Her Needs" vs. "Home & Personal Care")	Screenshot (3).png	Minor	Medium	New	
BR-DE-03	DG-HOME-11	All category names should be in English for uniformity and accessibility.	One category name on the Deligos website homepage contains Malayalam text, while all other categories are in English. This inconsistency may confuse non-Malayalam-speaking users and impact the website's professionalism.	1. Open the Deligos website. 2. Observe all category names displayed on the homepage. 3. Identify if any category contains text in a non-English language. 4. Compare with other categories for consistency.	Screenshot (4).png	Medium	High	New	
BR-DE-04	DG-HOME-13	Items are displayed in the correct order based on the selected sorting option..	The Deligos site does not provide sorting options for product listings, making it difficult for users to organize and find products efficiently.if Sorting options should be available to help users filter and arrange products based on their preferences.	1.Open Deligos Homepage. 2.Click Home Page 3.Apply a sorting option (e.g., "Price: Low to High") from the sort menu 4.Observe the item order. .	Screenshot (02).png	Critical	High	New	
BR-DE-05	DG-HOME-25	Product should be saved in wishlist	The Deligos site does not provide an "Add to Wishlist" feature, preventing users from saving products for later viewing or purchase.Users have no way to save items for later viewing.	1.Open Deligos Homepage. 2.Click Home Page 3.Click "Add to Wishlist" on a product 4. Check wishlist.	Screenshot (5).png	Major	High	New	

	BR-DE-06	DG-HOME-32	Reviewer date should be displayed	On the home page, user reviews are displayed, but the date of the review is missing. This makes it difficult for users to determine the relevance and freshness of the reviews. There is no way to verify the recency of a review.	1. Open homepage 2. Check reviewer details.	Screenshot (6).png	Minor	Medium	New
	BR-DE-07	DG-SIGNUP-03	The system should display an error message like "Name cannot contain special Symbol"	The Website allows users to enter special symbols in the name field without displaying an error message. This could lead to invalid or unexpected input being accepted. This may lead to issues with database storage, profile display, or future data processing.	1. Open the sign-up page. 2. Enter "John@Doe!" in the name field. 3. Fill in other valid details. 4. Click the "Sign Up" button.	Screenshot (7).png	Critical	High	New
	BR-DE-08	DG-SIGNUP-04	The system should display an error message like "Name cannot contain numbers".	The Website allows users to enter numeric characters in the name field without displaying an error message. This could lead to invalid input being accepted, affecting data accuracy and user experience.	1. Open the sign-up page. 2. Enter "Athul123" in the name field. 3. Fill in other valid details. 4. Click the "Sign Up" button.	Screenshot (8).png	Critical	High	New
	BR-DE-09	DG-SIGNUP-06	Should display an error like "Name must be at least 2 characters." Otherwise, it should accept it.	The Website allows users to enter a name with less than two characters without displaying an error message. This may lead to invalid or incomplete names being stored.	1. Open the sign-up page. 2. Enter "A" in the name field. 3. Fill in other valid details. 4. Click the "Sign Up" button.	Screenshot (9).png	Critical	High	New
	BR-DE-10	DG-SIGNUP-07	The system should not accept the hyphens and apostrophes.	The Website allows users to enter names containing hyphens (-) and apostrophes ('), even though these characters should not be accepted. This may lead to inconsistent data storage or validation errors in other parts of the system.	1. Open the sign-up page. 2. Enter "A'Athul" And "Ann-Marie" in the name field. 3. Fill in other valid details. 4. Click the "Sign Up" button.	Screenshot (10).png	Critical	High	New
	BR-DE-11	DG-SIGNUP-10	The system should either trim extra spaces to "John Doe" or display an error message.	The website allows users to enter extra spaces before, after, or between words in the name field, leading to inconsistent data formatting.	1. Open the sign-up page. 2. Enter a name with multiple spaces between words. 3. Fill in other valid details. 4. Click the "Sign Up" button.	Screenshot (11).png	Critical	High	New
	BR-DE-12	DG-SIGNUP-11	The system should display an error message like "Name cannot contain emojis."	The system allows users to enter emojis in the name field without displaying an error message. This could lead to improper data storage, display issues, and inconsistencies in user records.	1. Open the sign-up page. 2. Enter a name containing an emoji. 3. Fill in other valid details. 4. Click the "Sign Up" button.	Screenshot (12).png	Critical	High	New

	BR-DE-13	DG-SIGNUP-13	The system should display an error message like "Invalid name format."Unnecessary dots are given to the name field.	The system allows users to enter names with unnecessary dots in the name field without displaying an error message. This could lead to incorrect data formatting, display issues, and database inconsistencies.	1.Open the sign-up page. 2.Enter "John..Doe" in the name field. 3.Fill in other valid details. 4.Click the "Sign Up" button.	Screenshot (13).png	Critical	High	New
	BR-DE-14	DG-SIGNUP-14	The system should display an error like "Invalid name format." to used placeholder name (Test user)	The system allows users to enter placeholder names such as "Test User" without displaying an error message. This could lead to test data being stored in the database, reducing data accuracy and affecting real user records.	1.Open the sign-up page. 2.Enter "Test User" in the name field. 3.Fill in other valid details. 4.Click the "Sign Up" button.	Screenshot (14).png	Critical	High	New
	BR-DE-15	DG-SIGNUP-23	An Error Message is Displays "Invalid phone number. Repeated digits are not allowed."	The system displays an error message "Invalid phone number. Repeated digits are not allowed (111111111)." when a phone number contains repeated digits. This validation prevents users from entering phone numbers that consist of the same digit multiple times.	1.Open Deligos and click Account Button 2..Open the sign-up page. 3.Enter the Number 111111111 4.Click the Submit button	Screenshot (15).png	Major	High	New
	BR-DE-16	DG-SIGNUP-29	Referral code should be accepted.	The system is not accepting a valid alphanumeric referral code, preventing users from applying the code successfully.	1.Click Account button 2.Open Signup page 3.Fill in required details (name,phone number.) 4.Enter Referral code AJE 1003 3. Click Sign Up	Screenshot (16).png	Minor	High	New
	BR-DE-17	DE_LOGIN-05	Display a Error Message With" OTP expired. Please request a new OTP."	When a user enters an OTP after its validity period has expired, the system correctly displays no error message: "OTP expired. This can confuse users	1.Click Account field 2. Open the login page 3.Enter a valid phone number 4.Click Get OTP 5.Wait for the OTP to expire 6. Enter the expired OTP 7. Click Login	Screenshot (17).png	Major	Medium	New

	BR-DE-18	DE-ACC-03	The user can cancel the order, the canceled order should appear with a "Canceled" status.	Users can not cancel order, This issue can lead to frustration and an increase in customer support requests.	1.Open Deligos and Click Account 2.Navigate to Orders Section 3. Cancel an order. 4. Go to Order History.	Screenshot (18).png	Major	High	New
	BR-DE-19	DE-ACC-05	The invoice should be downloaded .	The website fails to generate or download the invoice, leading to issues such as broken links, incorrect file formats, or missing data,Users need invoices for returns, refunds, and tax purposes this causes frustration and compliance issues.	1.Open Account Section 2.Click Orders section 3.Click Download Invoice.	Screenshot (19).png	Major	Medium	New
	BR-DE-20	DE-ACC-06	A customer support ticket should be created.	Users should be able to contact customer support directly from the Order Details page for issues related to their orders (e.g., cancellations, refunds, delivery problems). However, the Website does not provide a working option for users to reach customer support, leading to frustration and delays in resolving issues.	1.Open Account Section 2. Open Order Details. 3. Click Help/Support. 4. Choose an issue and submit.	Screenshot (20).png	Minor	High	New
	BR-DE-21	DE-CART-16	The user should be redirected to the Product Listing Page.	When users attempt to navigate from the Cart Page back to the Product Listing Page, they should be redirected correctly. However, the system fails to redirect them, causing issues such as staying on the same page	1.Open the Deligos website. 2. Add any product to the cart. 3. Navigate to the cart page. 4. Click on the "Continue Shopping" button.	Screenshot (21).png	Minor	High	New
	BR-DE-22	DE-CART-17	The product should be removed from the cart and appear in the Saved for Later section.	When users move a product from the cart to the "Saved for Later" section, the product should be removed from the cart and appear in the Saved for Later list. However, the website is not handling this Feature, leading to issues such as the product remaining in the cart	1. Open the Deligos website. 2.Add any product to the cart. 3.Navigate to the cart page. 4.Ensure "Save for Later" button is Displayed	Screenshot (22).png	Minor	Medium	New
	BR-DE-23	DE-PAYMT-05	COD should be available for Cash on Delivery for Purchase.	Users should be able to select Cash on Delivery (COD) as a payment option during checkout. However, the system does not display the COD option, preventing users from completing purchases using this payment method.	1.Select CODE at checkout. 2.Confirm the order. 3.Verify if the order is placed successfully. 4.Check if COD details are reflected in the order summary	Screenshot (23).png	Minor	Medium	New
